RECOMMENDATION LETTER FOR PEER TUTORING

To Whom It May Concern:

I, Dr. Fernando Castillo, PhD, Associate Professor, Department of Computer Science at the University of Cebu - Pardo and Talisay Campus, am writing this letter to highly and unreservedly recommend Juan Dela Cruz (Student ID: 202401001) for the Peer Tutoring Program under the Acadia platform.

Juan Dela Cruz has been my student in the following courses and has demonstrated exceptional academic performance:

- 1. CC-COMPROG11 — Computer Programming 1**
- 2. CC-COMPROG12 — Computer Programming 2**

Throughout the duration of these courses, Juan Dela Cruz consistently demonstrated strong problem-solving abilities, excellent communication skills, and a genuine willingness to help classmates understand complex topics. This student has excelled in both theoretical examinations and practical laboratory assessments.

Notable qualities that make this student an effective peer tutor:

- Communication — Explains concepts clearly and adjusts to the learner's pace.
- Patience — Repeats explanations willingly and never makes peers feel inadequate.
- Problem Solving — Approaches challenges methodically and guides peers analytically.
- Dedication — Invests time beyond class hours to support struggling students.
- Leadership — Takes initiative in group work and mentors teammates proactively.

I strongly and wholeheartedly endorse Juan Dela Cruz for the Acadia Peer Tutoring Program for the subjects listed above, without any reservation.

Respectfully,

Dr. Fernando Castillo, PhD

Associate Professor, Department of Computer Science
University of Cebu - Pardo and Talisay Campus
