RECOMMENDATION LETTER FOR PEER TUTORING

To Whom It May Concern:

I, Dr. Maria Theresa Gonzales, Department Head of the Department of Information Technology at the University of Cebu - Pardo and Talisay Campus, am writing to highly and unreservedly recommend Mr. Rafael Dela Cruz (Student ID: 202203001) for the Peer Tutoring Program under the Acadia platform.

Mr. Dela Cruz has been my student in the following courses, in each of which he achieved the highest mark in his section:

- 1. IT-INFOSEC32 — Information Security**
- 2. IT-SYSADMN32 — Systems Administration**
- 3. IT-WEBDEV21 — Web Development**

Throughout the duration of these courses, Mr. Dela Cruz demonstrated exceptional academic performance, a deep mastery of course concepts, and an uncommon ability to communicate complex topics clearly to his peers. I have personally observed him conduct informal review sessions for his block before major examinations, with measurable improvement in the performance of his classmates as a result.

He exhibits the following qualities that make him an outstanding peer tutor:

- Communication — Explains concepts clearly and adjusts to the learner's pace.
- Leadership — Takes initiative, organizes study groups, and mentors teammates.
- Problem Solving — Approaches challenges methodically and guides peers analytically.
- Patience — Repeats explanations willingly and never makes peers feel inadequate.
- Dedication — Invests time beyond class hours to support struggling students.

I strongly and wholeheartedly endorse Mr. Rafael Dela Cruz for the Acadia Peer Tutoring Program for the subjects listed above, without any reservation whatsoever.

Respectfully,

Dr. Maria Theresa Gonzales
