

August 2, 2026

Hi,

Just writing quickly to support Aldrin Cabrera (ID: 202205088) for the peer tutoring program. He was in my Database Systems class. Pretty good student, knows his SQL well, passed with a 1.5.

He gets along well with his classmates and I've seen him help a few of them during lab. I think he'd do fine as a tutor for Database Systems.

I recommend him.
